

End game approaches as \$500 billion dollar Rockefeller bribe attempt fails

Reporting on world events once a week these days is like taking still-motion pictures of an ongoing train wreck. During the past week, a lot of damage has taken place at an accelerating pace. Revolution, civil war, permanent slavery or anarchy for Americans and the West could happen as early as October, multiple sources agree.

The people supporting revolution, nationalization of the Federal Reserve Board and restoration of democracy in the West are not part of the current establishment. They include people like Colonel Douglas MacGregor and Judge Anna Von Reitz.

received a handwritten postcard from her and can now confirm she is a genuine human being and not an AI).

MacGregor was a longtime supporter of Donald Trump who now realizes he is not the man to save the USA.

"People are wrong if they think if we elect him, he will save us," he says. With Congress, the Judicial system is compromised, and getting "elected" president in the current system is meaningless. They are sailing the ship of state into its' biggest storm in history. This ruling class in Washington needs to go away, the question is how do you get rid of them? That's what has to be done. The American people need to understand the two-party system is an illusion. The bankers think we will become happy serfs on their plantations.

Those pushing towards civil war are the backers of establishment candidates like Donald Trump and the Obama avatar "Joe Biden." Their mud-slinging and lawfare against each other is dominating the corporate news cycle. It is now obvious only civil war will resolve the situation unless people wake up to the fact they are all actors working for the KM. A civil war would turn the US into a mega Ukraine and help enslave the American people further.

The Khazarian mafia is pushing a series of manufactured "emergencies" such as a civil war in an attempt to scare people into farm animal-style submission. These emergencies include a new "pandemic," "climate change," all-out nuclear war and an "alien invasion."

If none of these forces prevail, then anarchy and social collapse are certain in the US and most of the West. This would be the worst possible alternative.

In any case, multiple events show things are quickly coming to a head.

The biggest was the failure of a last-ditch attempt by the Rockefellers etc. to stay in power with a \$500 billion bribe.

Here is how a North America based CIA source describes the situation;

"Many deep state people were expecting money from the Rockefellers today [September 1st] but NOBODY got a penny-they went all around the world to various banks and found out their accounts were either not there or drained of funds % of the money the IRS collects is supposed to go to Rocky's banks but not anymore-that is the only way right now the US is barely floating-very many big boats may sink in the next while."

Another huge and under-reported event was a split between India and China at the last BRICS meeting over control of the global financial system. A visible sign is Chinese President Xi Jinping not going to his week's G20 meeting in India.

The KM has been sucking up to Indian Prime Minister Narendra Modi by offering him a cornucopia of promises including leadership of the KM-controlled G20.

The Chinese say the G20 has been replaced by the BRICS 11 and thus there is no point in attending Western-controlled G20 meetings. The Russians agree. That's why their presidential avatar Vladimir Putin will also skip the event.

Things are expected to come to a head on September 18th and 19th as the UN General Assembly convenes in a last-minute KM push to use "Agenda 2030" to create a totalitarian world government controlled by them.

The failure of the Rockefellers' \$500 billion bribe attempt means this agenda is almost certainly doomed now. The fact is the UN is a privately owned, unelected organization and most of the so-called leaders attending their events are bribed and blackmailed puppets, Asian secret society sources note. This is why they cut off funding for the UN, the BIS, the IMF, the World Bank and other KM-controlled institutions.

The lack of money is flushing out deep-state actors who have tried to stay hidden until now. One example is an individual by the name of Matthew Hornby contacted the White Dragon Society asking for help (a huge bribe offer was made) in getting Neil Keenan to cash gold-backed bonds in his possession. These are the seized \$134.5 billion US Treasury bonds that were part of the 2009 Chiasso affair. Hornby's people also tried to claim that Keenan was:

THE ONE AND ONLY – who has possession of the sealed Black Book and foisted by his predestined superior authority and pinnacle power over the world's financial systems –

inclusive of the eastern Dragon Family Financial Instruments

<https://neilkeenan.com/neil-keenan-update-an-exclusive-its-a-keenan-thing-soft-disclosure/>

The problem is Keenans' colleagues say he was murdered in 2014. He was replaced by a Rothschild impostor who did not even know Keenan had a son in Bulgaria. Hornby contacted the WDS because the Rothschilds were told by Asian secret societies to do so. The WDS, however, will only negotiate directly with the Rothschilds and not with one of their agents.

No matter what though, according to the Dragon family, the bonds in question are their property. The original Keenan had absconded with them, they say.

So, the Rothschilds stole stolen property and naively thought they would be able to use it to stay in control of the world's financial system.

Another deep-state actor who needs to be exposed is Leo Zagami of the P2 Freemasons. For some reason, Zagami fails to mention Pope Francis was killed in 2020 and replaced with a mask-wearing impostor who takes orders from the Rothschilds. Why is that? Zagami did not respond to an email asking about this.

Zagami told me when I met him that his people put Barack Obama in power. He also said the P2 Freemasons created communism.

As former Speaker Newt Gingrich notes, Obama controls the "clearly cognitively disadvantaged," Joe Biden, who is just "the tip of the iceberg" of the "real corruption" involving Hillary Clinton, Barack Obama and other deep state actors.

<https://www.newsmax.com/newsfront/newt-gingrich-joe-biden-barack-obama/2023/08/28/id/1132387/>

Since Biden is just a puppet for Obama and their actions are clearly communist; this implies Zagami is involved in supporting the horrific fake Biden regime.

Regardless, Obama is now being outed. His brother, Malik Obama, will be interviewed by Tucker Carlson on Tuesday, September 19th. "Will Malik Obama survive until the 19th? That is the billion-dollar question," a Mossad source asks.

Another KM power broker who has tried to stay hidden is UK Cabinet Secretary Simon Case. Two separate MI6 sources say Case and the KM tap all MPs' phones and those of senior judges.

"The operation is run out by GO2, based at Vauxhall Cross. MI6 are powerless to shut them down. GO2 (director Sir John Scarlett, implicated in the Diana assassination) in turn supplies blackmail summaries to Case and the Cabinet Office. Sunak is gay but not out and GO2 has given Case the details of his gay partners," the MI6 sources say.

They add Case and Sunak know about "two bribes paid by the EU to [former PM] Boris Johnson re the EU withdrawal treaties, each of 10m euros."

This is why British defense secretary Ben Wallace resigned. Sunak replaced him with Grant Shapps and look who is lurking behind him.

As soon as Shapps was announced, British arms company BAE Systems set up a legal entity in Ukraine to offer “more direct support” to the country at war with Russia. MI6 says this is just a massive money laundering operation.

Needless to say, the UK military is not going to follow orders from Shapps, Case or Sunak, MI6 sources say.

In any case, Keenan, Zagami and Case are just some of the many people vying for control of the world’s financial system. The problem is they are all Westerners.

The rest of the world wants to replace Western rule with something that actually represents the real world. As Russian Presidential avatar Vladimir Putin notes, the shift of the center of economic, political activity outside of the West is “a completely objective and inevitable process,” that is above and beyond the “current global political situation.”

<https://tass.com/politics/1668773>

Here are some recent signs of this process, which is especially evident in Africa.

In Gabon, the military seized power, following the re-election of President Ali Bongo.

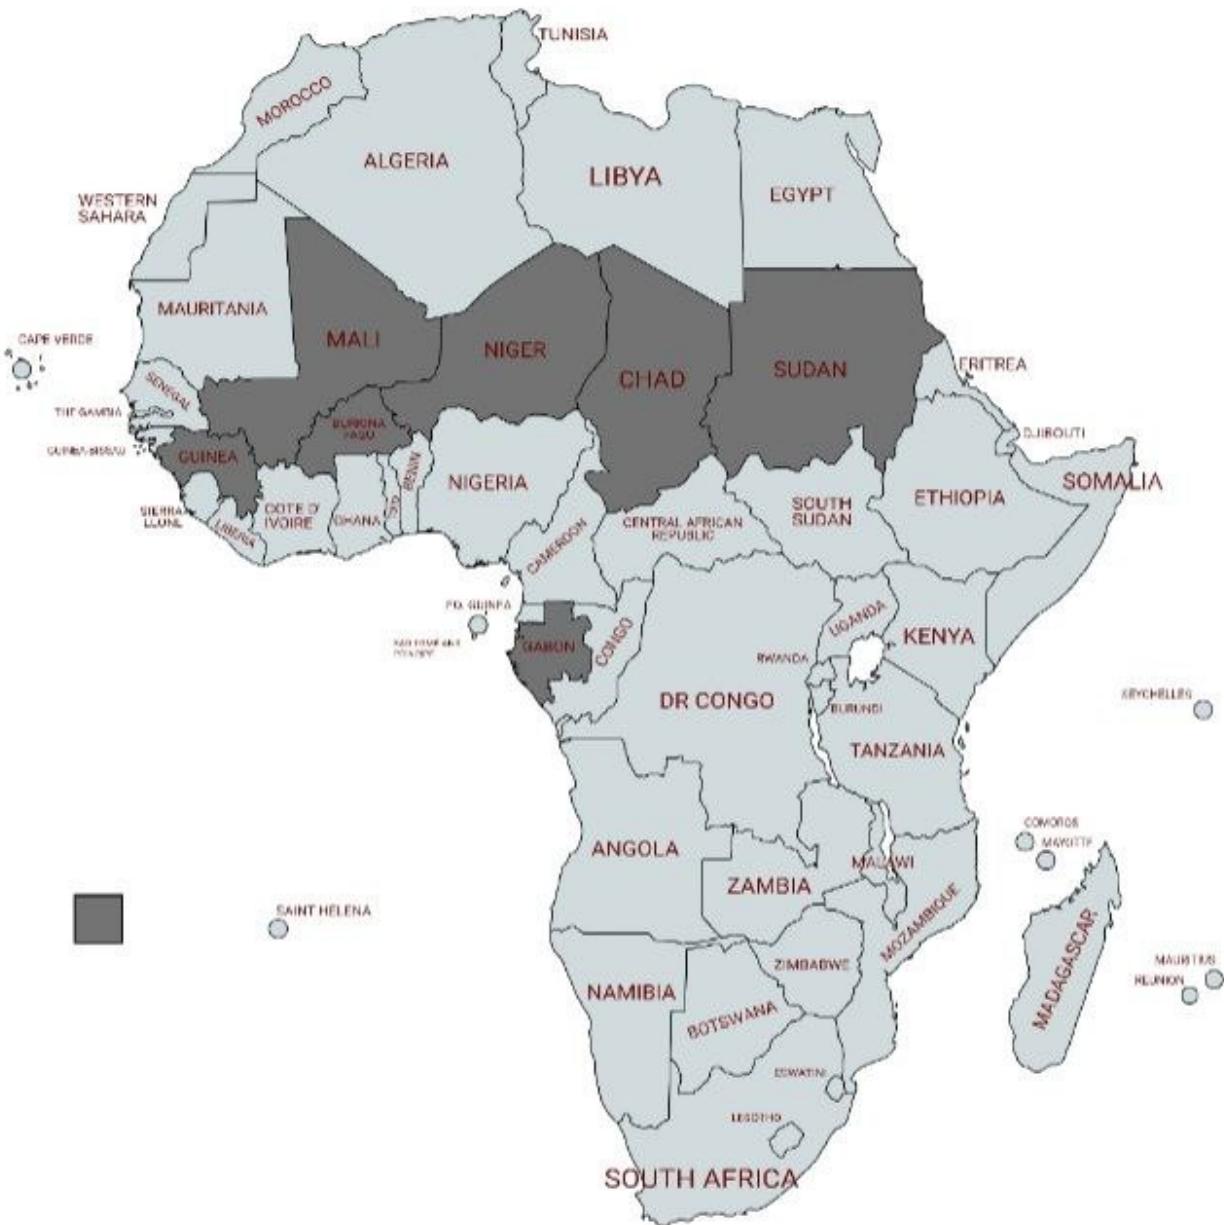

<https://www.aljazeera.com/news/2023/9/2/gabon-coup-leader-no-rush-to-elections-and-the-same-mistakes>

Bongo was an Obama protégé who was feted from Washington to Davos. He was a key player in the war on Libya by the KM. The huge cash stash Bongo was found with is typical of KM-controlled puppet leaders.

Meanwhile, in Niger, thousands rallied in the capital Niamey to demand that former colonial ruler France withdraw its troops from the country.

This is part of an Africa-wide revolution against the KM. The map below shows African Countries where the military has seized power.

Since the countries form a line across Africa on the Southern edge of the Sahara it looks like some sort of major transport corridor is being prepared there, presumably as part of China's belt and road initiative.

In East Asia, ex-PM Thaksin has returned to Thailand and asked for a royal pardon. His return last week coincided with political ally and fellow tycoon Srettha Thavisin winning a parliamentary vote to become prime minister that same day.

Thai royal family sources say a deal has been made with the military and the monarchy. This almost certainly means the Rothschilds and Rockefellers have now lost control of the Royal Thai gold that was helping keep them (barely) afloat.

<https://www.aljazeera.com/news/2023/8/31/thailands-ex-pm-thaksin-has-submitted-request-for-royal-pardon>

North Korea chipped in with a simulated tactical nuclear strike against the US mainland.

Korean Central News Agency_(KCNA)

A revolution is definitely needed in the US and Japan, North Korean sources say.

Meanwhile in Israel, more and more Jews are fleeing the country as it turns into a Satanic theocracy that is no longer capable of defending the country. Russia is trying to lure many of them back.

The NATO defeat in Ukraine is accelerating this process because it is shutting down a money laundering operation that kept the KM going. “The Ukraine is [was] a cash cow for the uni party in Washington,” says Colonel Douglas MacGregor. He adds “The Ukrainians have admitted to 400,00 dead, that’s more dead than we suffered in 3 years of fighting World War II

With defeat comes finger-pointing and corruption investigations.

The Hungarian government is demanding EU and Ukrainian authorities provide a detailed report on how exactly the 50-70 billion euros previously allocated to Ukraine were spent, Hungarian Foreign Minister Peter Szijjarto says.

In the US meanwhile, Rep. Brad Wenstrup (R-Ohio), the chairman of the House Select Subcommittee on the Coronavirus Pandemic, wants to know what the U.S. Department of Justice is doing to recover an estimated \$280 billion in U.S. COVID-19 relief spending that allegedly flowed to criminals inside and outside the United States.

Already, Ukrainian oligarch Igor Kolomoisky -who is widely seen as President Vladimir Zelenskys' puppet master- has been detained pending trial for alleged money laundering.

<https://www.rt.com/russia/582281-kolomoysky-ukraine-laundering-arrested/>

Also, Ukraine's Defence Minister Oleksii Reznikov has been dismissed from his post...His dismissal comes amid a wider anti-corruption drive,

<https://www.bbc.com/news/world-europe-66702893>

Polish intelligence has also supplied evidence of the sort of atrocities this money laundering operation funded. They say 13 out of "15 Russian spies" who were detained in Poland turned out to be Ukrainians. From them, they found out about ads circulating on the darknet offering Ukrainian children for sale. One ad reads "There are 6/7/9 bunnies, we will bring them to Poland. Payment in bitcoins." It says the children will be sent from Lviv. "Some advertisements even mention the blood type of children, suggesting that it is not just sexual slavery, but organ harvesting. Let us recall the existence of the website 'Children of War', created by the regime in Kyiv," the sources say.

Now ask yourself, why did Netflix and Amazon Prime just turn down the anti-child trafficking movies Sound of Freedom (One of the most popular movies of the year)?

NEWS ALERT: Netflix and Amazon Prime JUST TURNED DOWN Sound of Freedom (One of the most popular movies of the year) THEY DO NOT WANT THE TRUTH ABOUT PEDOMOOD TO COME OUT

The Polish further also say their country is being destroyed by a KM “carbon sequestration” program covering 75 percent of their territory. This means the KM can seize without any compensation your house, flat, plot, etc. if it is located on the land intended for the construction of a carbon capture facility.
